### Grading

Grading will be based on the following breakdown:

- Exams – 50%
- Quizzes – 30%
- Assignments – 20%
- Assignments include preparing for each class, class participation, and online discussions.

There will be three (3) exams during the semester. Each exam will consist of multiple choice and true/false questions. Exam questions will be taken from the lecture materials, textbook, supplemental videos, and articles provided during the semester. All materials can be found in the course folder on Blackboard.

Assignments and quizzes will be given during the semester and will be found in the weekly folders on Blackboard. All assignments must be submitted on Blackboard. Assignments e-mailed to the instructor, unless otherwise directed by the instructor, will not be accepted. If there is an issue uploading the assignment, please contact the instructor immediately. Late assignments will not be accepted.

The grading scale will be:

- A = 90 – 100
- B = 80 – 89
- C = 70 – 79
- D = 60 – 69
- F = 0 – 60
- If a student receives a final grade ending in .5 or higher, the grade will be rounded up to the next whole number (e.g.: 89.5 would be rounded up to 90).
- If a student received a final grade ending in .4 or lower, the grade will be rounded down to the previous whole number (e.g.: 89.4 would be rounded down to 89).

### Late Assignments & Extra Credit

- There is no extra credit available for this course.
- No late work will be accepted without an approved excuse. Medical excuses must be submitted to the instructor in no more than 7 days from the absence. Please see the SPC General Catalog under "[Class Attendance](#)"
- This will also apply to the missing of quizzes or exams which are open for a limited period of time. If you are unable to access a quiz or exam during the time it is open,

it is the student's responsibility to contact the instructor **immediately** to rectify the situation.

### **Course Materials**

- The materials for this course are all open source. The student will need access to a computer and the internet to be able to view the referenced materials and videos used during the course. The material and video links will be posted on Blackboard and Perusall.

**For information regarding official South Plains College statements about intellectual exchange, disabilities, non-discrimination, Title V Pregnancy Accommodations, CARE Team, and Campus Concealed Carry, please visit <https://www.southplainscollege.edu/syllabusstatements/>.**

### **Academic Honesty & Integrity**

- Scholastic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts, and any act designed to give unfair academic advantage to the student (such as, but not limited to, submission of essentially the same written assignment for two courses without the prior permission of the instructor) or the attempt to commit such an act. This includes the submission of work completed by another individual or the purchase and submission of materials completed by another individual as your own work.
  - **Artificial Intelligence (AI) Resources:** There are now websites that will generate semi-unique material that resembles original material. Since technology is available to create this content, technology is also available to detect this content. Make no mistake, this is plagiarism. If you submit work that is not your own, original material, it will be considered plagiarism and receive a grade of zero. The incident will also be detailed to the Dean of Students for disciplinary actions. If material is marked as AI generated material, it is the student's responsibility to prove the material generated is their own work and not the work of AI or from another source.
  - Certain assignments will require the student to share comments about course material. If comments are pasted into the comment section of the assignment, the assignment will be given a grade of zero.
    - *Any student found to be in violation of the academic honesty policy could immediately be dropped from the course.*

### **Student Code of Conduct**

- The SPC Student Code of Conduct can be found here <http://catalog.southplainscollege.edu/content.php?catoid=59&navoid=2027>

## **Blackboard Accessibility Standards**

- Blackboard measures and evaluates accessibility levels using two sets of standards: Section 508 of the Rehabilitation Act issued from the United States federal government and the Web Content Accessibility Guidelines (WCAG 2.0) issued by the World Wide Web Consortium (W3C). A third-party conducts audits of our software releases to ensure the accessibility of the products. For Blackboard Learn 9.1's conformance with the accessibility standards under Section 508 of the Rehabilitation Act using the Voluntary Product Accessibility Template® (VPAT®) tool, see the VPAT for Blackboard Learn Release 9.1. For Blackboard Learn 9.1 SP11 conformance statement for Web Content Accessibility Guidelines 2.0, Level AA see Learn Accessibility Conformance Statement. To learn more about Blackboard's commitment to accessibility, see <http://www.blackboard.com/accessibility>. (These resources are available in English only.)
- All technological questions should be directed to the [SPC technology center](#). The instructor does not solve technological/computer issues.

## **Student Privacy**

- South Plains College is bound by the Texas Open Records Law and the Family Educational Rights and Privacy Act of 1974. Information regarding these topics can be found in the South Plains College Catalog. As far as this class is concerned, the instructor will NOT release or discuss the student's class performance, grades, averages, or attendance with anyone but the student. This means that your parents, class counselors, principals, or any other interested party will not obtain this information from the instructor – if they need this sort of information, they must ask the student for it. This provision does not apply to student athletes or those for whom a grade check is part of their scholarship support.
